

Civil Engineering Department

Government Polytechnic Godhra

NEWSLETTER

EDITION 02

R/S No. 235, B/H MARUTINAGAR, GADUKPUR, TA-GODHRA-389001

VISION

“
To provide globally acceptable skilled Civil Engineering professionals who can contribute as a valuable resource for the development of society.
”

Mission

1. To provide quality education and learning facilities to match with changing industrial demands.
2. To develop technical & interpersonal skills and moral values for sustainable development.
3. To provide opportunities in leadership skills, project management, and inclination towards research and development.

From the Desk of the HOD:

It gives me immense pleasure to present the second newsletter of civil engineering department for the year 2020. The department has unique blend of faculty having experience in not only teaching, but also in construction field. It has all necessary laboratory with latest equipment and software. The department is fortunate to have dedicated teachers, disciplined students and committed technical and supporting staff. The department has successfully started testing & consultancy for revenue generation and helping the society. In the COVID-19 pandemic, Applied mechanics department has started testing & consultancy work in June-July'20 and generated revenue worth Rs. 1,13,161/-. I congratulate the faculty and students for their efforts to bring out second newsletter. My best wishes to all students for their bright career and successful life.

Dr. P M Shah
