

Vision and Mission

Government Polytechnic Godhra

GOVERNMENT POLYTECHNIC GODHRA

Government Polytechnic, Godhra is one of the valued centers of quality education in the field of Engineering education offering diploma in Panchmahals district of Gujarat. The college was established in the year 2005 and has been functioning well since then. The college offers Diploma Engineering courses in three branches Civil, Mechanical, Electrical, under aegis of Directorate of Technical Education Gandhinagar and affiliated to Gujarat Technological University, Ahmadabad - one of the forefront universities of Gujarat.

The Vision and Mission statements of the Institute are defined after due processes as under:

Vision

To transform learners into technically competent and skilled professionals to cater the needs of industry and society.

Mission

- 1. Providing an affordable and quality technical education to meet the ever changing and challenging demands through conducive teaching - learning environment.*
- 2. Serving society and industry by developing professionals having technical skills with inclination towards entrepreneurship.*
- 3. Imparting holistic education with professional moral values to support harmonious growth of learners.*

Mechanical Engineering Department

Welcome to the Mechanical Engineering Department at the Government Polytechnic, Godhra. Our Diploma Graduates work in almost every technology-based industry such as manufacturing, steel and materials, automotive, electric power, chemical and petro-chemical.

Our goal for students is to provide them a high-quality engineering education that also includes hands-on experience. We strive to ensure that all our students have a strong technical knowledge along with team spirit and leadership skills, involvement in various co-curricular and extracurricular activities, sound practical knowledge and internship experience. We believe that emphasizing these areas will make our students well qualified to be a good professional, take leadership roles and entrepreneurship skills in the future.

The Vision, Mission, PEO's and PSO's statements of the Department are defined after carrying out due processes as under:

Vision

To be a valued centre of quality technical education by enhancing students' skills and knowledge in the field of mechanical engineering to cater the ever changing demands of the industry and social needs.

Mission

- 1. To impart quality education blended with professional moral values through effective teaching learning processes.*
- 2. To build an efficient platform for industry institute interaction.*
- 3. To develop an inclination towards higher education and startup activities to serve the needs of the society.*

Program Educational Objectives (PEO's):

- 1. To work as a competent diploma engineer in Mechanical and allied field.*
- 2. To gain professional development through higher education and lifelong learning.*
- 3. To develop moral and ethical values this enables them to be a good human being.*

Program Specific Outcomes (PSO's):

- 1. Apply fundamental knowledge of modern software for simple design and drafting of mechanical engineering components.*
- 2. Apply developed competency to produce mechanical components with specified dimensions using different manufacturing processes such as forming, metal removal and fabrication.*
